

The Word Made More Sure

ELAINE'S HEALTH

Some of you know of a crisis of sorts in Elaine's health. For several days this week she was extremely weak and even unable to walk without assistance. That has improved some and we're so grateful.

For almost two years we have been seeking medical help for her declining strength, which seemed to be abnormal even for her age of 80. No clues yet in spite of numerous tests and blood work but we continue to seek answers. We'll be seeing a naturopathic doctor this week.

This evening we "happened upon" a sermon by Levi Lusko, a pastor in Montana whose messages encourage and instruct us. The one this evening was his April 04, 2021 Easter message, **THE POWER TO OVERCOME GLOOMINESS AND DESPAIR**, based on II Peter 1:19. We really needed it and it was soooo encouraging!

See <https://www.freshlife.church/messages/easter-at-fresh-life/15> and you can download the audio or video. There are many other wonderful messages and series at <https://www.freshlife.church/messages>. The YouTube version has the subtitles.

I've been occupied with caring for Elaine and maintaining the household and haven't had the "stuff" to write my regular posts but hope to be back to that soon.

Thanks for your prayers for her/us!

God be with you!

Ken
